KNOWLEDGE IS POWER;
TRUTH, ETERNAL.

Prologue

Together we appear in this, our book
That you now slowly open.
Pause for a moment before you look,
As you will look so often
In years to come, at these few hints
Of days past, not forgotten.

Together we've spent three busy years.
During that time we have been so secure
While learning, growing midst friendships sincere.
With all, mingled dreams of the future obscure.
So wish as you view all your classmates here
That each may find happiness that will endure.

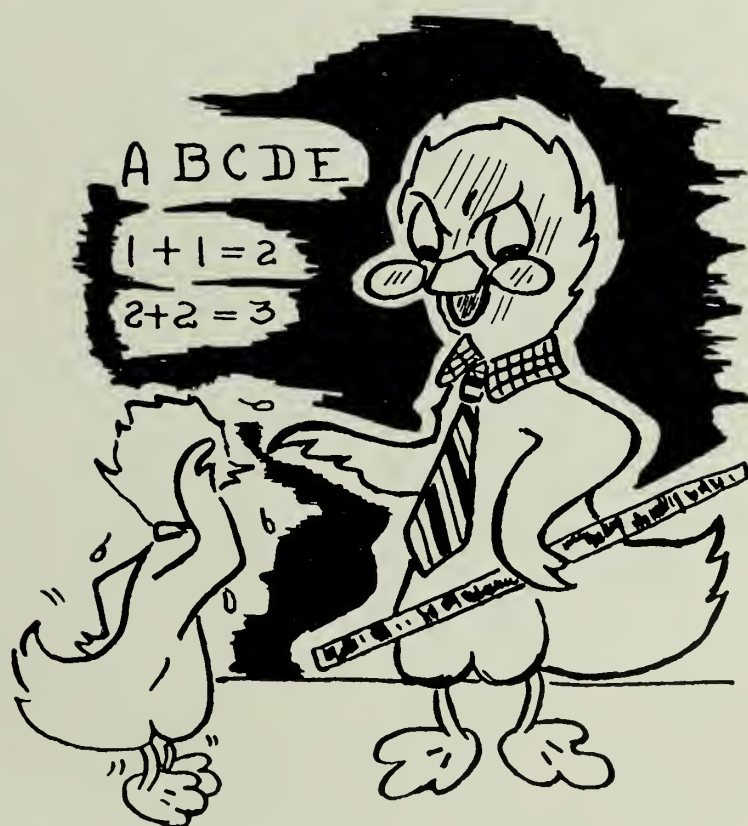

Mary Scanlan

Dedication

IT IS WITH A FEELING OF HUMILITY AND SINCERE RESPECT THAT
WE OF THE CLASS OF 1946 DEDICATE THIS BOOK TO THOSE
MEMBERS WHO LEFT THEIR CLASSES HERE FOR THE MILITARY
SERVICE OF OUR COUNTRY. GOD GRANT THAT THEY
MAY BE AMPLY REWARDED FOR THEIR UNSELFISH
ACT AND THAT THOSE OF OUR PRESENT NUMBER
WHO WILL SOON FOLLOW IN THEIR FOOT-
STEPS MAY PROVE WORTHY OF THEIR
EXAMPLE.

Faculty

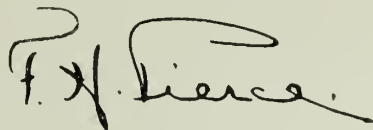

Mr. Frederick H. Pierce

Mr. Pierce, you have been here with our class only one year, but we feel that you have imbued in us and all B. H. S. a sense of strength through honesty. We shall always greatly admire you and, remembering how your helpfulness, thoughtful advice, and careful guidance made our school days happy ones, consider you a real friend.

Mr. Pierce's Message to the Seniors

As graduates you seniors are going out into a world filled with confusion, uncertainty, and suspicion. The war has settled nothing permanently; it has merely demonstrated anew the truth that people of this earth cannot peacefully live together with all this confusion, uncertainty, and suspicion rampant. If you can carry into life a considerable measure of the mutual consideration and appreciation which you have learned in your school days, you will go far, each in your own sphere of action and influence, toward establishing the peace of which we all dream. My best wishes go with you and an assurance of my continued interest in each of you together with a desire to help you at any time in any way possible.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "F. H. Pierce". The signature is fluid and cursive, with a large initial "F" and a long, sweeping underline.

Principal.

Miss Gretna Higgins

Wherever Miss Higgins is, there is geniality in the air. This spirit is noticeable in her relations with everyone — be they exasperating pupils or tired teachers. Have you ever watched the expressions on her face as she helped a pupil? That smile, never condescending, always deep and sincere, she maintains, whatever the pupil's questions. For the troubled student she has a sympathetic and understanding manner that encourages him to confess his difficulties. Under the soothing guidance of Miss Higgins, he loses his self-consciousness, finds the explanation clarifying, and goes his way happy and confident.

Miss Higgins, all of us in the class of 1946 have found you agreeable as well as helpful, whether collecting class dues or supervising our socials, committee meetings, and class plays. Ever watchful for the welfare of the class, you have taught us the real meaning of the word "cooperation."

May this book, Miss Higgins, ever serve as a reminder to you, as it will to us, of our pleasant associations of the past three years. From our acquaintance with you, we shall take into adult life a memory of your democratic spirit and willing service.

Miss Fannie Kendall

For twenty-six years Miss Kendall taught penmanship at Beverly High. But she was more than a magnificent penman to her pupils — she was an inspiration. This talent of inspiring those about her lay in her sincerity and great faith — a faith that we cannot help but admire. The part that she has played as a teacher is well summed up in the words of the *Educator*, "Penman and Friend to Thousands of Boys and Girls." May she now find that happiness and sense of well-being which she so richly deserves.

Miss Mary Herrick

It is hard to think of Beverly High without Miss Herrick of our history department. For twenty-one years her vigorous spirit has meant much to the school. She was a pioneer in bringing Visual Education to Beverly High, a mute testimony of her own hobby, photography. It was she who strongly promoted the social agencies courses and elementary sociology classes and headed the active Community Service division of the Victory Corps.

In addition to her school work Miss Herrick has for many years been a staunch leader and adviser of young people's religious groups, some state-wide, and has done work of untold value in that field. It is to be hoped that she will now have ample time to devote to her varied interests which ranged from prize Angora rabbits and Victory gardens, to psychology and philosophy. She will be missed but not forgotten at Beverly High.

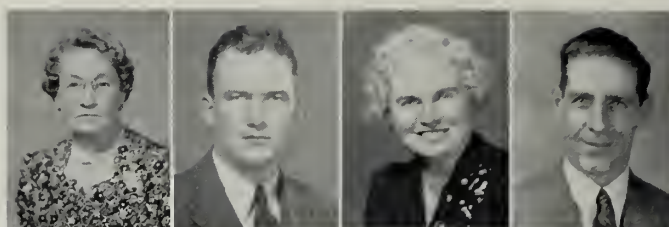

Mr. Gordon Chapman

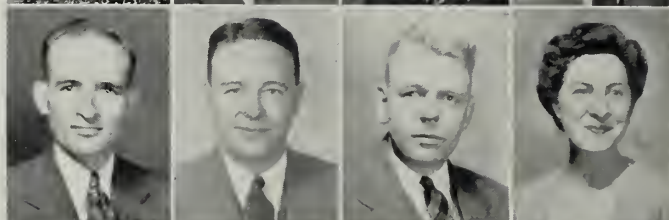

Mr. Chapman taught Auto Mechanics at Beverly Trade School for twenty years. He is a jolly sort of fellow, this good nature having endeared him to his pupils. The quality of his work was of the highest as were the standards he set for his boys. The best criterion of his efficient methods of teaching is found, perhaps, in the fact that a great many of his former pupils have excellent jobs, some, in fact, even teaching themselves. Mr. Chapman has been well-liked by all those of the students and faculty who knew him and his loss will be keenly felt in both the Trade School and the High School.

Ralph Fiore

There are many of our boys from the class of 1946 who answered the call to arms and who produced enviable records while in the service. Among these many, there is one who made the supreme sacrifice for his country. It is with a feeling of sincere regret and sorrow that we view the name of Ralph Fiore on our Final Honor Roll.

Ralph entered Beverly High with our class in September, 1943. Although he was a quiet, reserved boy, Ralph was well-known to the students and teachers for his prowess in football. On December 3, 1944, when only a Sophomore, he left school to enlist in the United States Marines. He was killed in action on Okinawa on June 19, 1945.

Seniors

History of the Class of '46

"Knowledge is power, truth, eternal" — with this motto as our lifelong guide, we, the graduating class of 1946, are leaving Beverly High School. During the past three years we have striven to do our best so that we might ultimately be fitted to leave B. H. S. and take our place in the highly competitive world of today.

In September of 1943 we entered this school as Sophomores, ready to do our all to make it a very successful year. With Miss Higgins as our class adviser, we proceeded to elect the class officers: Robert LaPointe, President; Joseph Cressy, Vice-president; Connie Bernasconi, Secretary; Caroline Wyeth, Treasurer. Later came the election of the home room officers and delegates. As the following weeks flew past, the students accustomed themselves to the new surroundings.

The first honor was won on Drama Night when the play presented by the Sophomore class won the distinction of being selected the best one. The cast of *The Bard of Bakerville* included Suzanne Bowles, who was awarded the prize for the best acting, Warren Allen, Betty Edwards, Jean Birmingham, Sylvia Chouinard, Horace Smith, Thelma Hardy, and Edward Neve.

Several representatives of our class made a favorable impression in football. Austin Hilton and Joe MacDougall were the two boys who made the first team. Nevertheless, Richard Bernier, Francis "Brother" Roberts, Jack Murphy, Robert Robinson, and Ralph Fiore did their part on the squad.

As our first year drew to a close six of our class mates were elected to the Student Council. They were: Joseph Cressy, Curtis Foster, Robert LaPointe, Connie Bernasconi, Donald McPherson, and William Lee. In this year, the Student Council conducted a spring prom to which all the students could attend. It was the first of its kind ever to be held at the school.

In September of 1944 we again entered B. H. S. but this time as members of the Junior Class. Our class officers were: President—Joe Cressy; Vice-president—Bob LaPointe; Secretary—Connie Bernasconi; Treasurer—Laura DiFazio.

Our contribution to Drama Night was less successful than that of the previous year. Those who participated were Warren Allen, Jean Birmingham, Dorothy Dewar, Sybil Mitchell, Edward Neve, Horace Smith, and June Woodbury. The title of this farce was *Nobody Home*.

This class again furnished many boys to the different sports. In football, Robert Robinson, "Brother" Roberts, James Comiskey, Louis Woods, Guy Rossi, Joe MacDougall, Harry Minott, and Jack Murphy all came into the limelight.

When the basketball season rolled around, the Junior boys were ready to give the Seniors stiff competition for their varsity positions. "Bob" LaPointe won the title of being high scorer for the season while Jack Healey, the captain, was a very close runner-up. Leo Buckley, Curtis Foster, Robby Robinson, Joe MacDougall, Raymond Kelleher, and Harry Minott all took an active part in the games.

The Juniors were also represented by many girls on the various girl basketball squads.

Toward the close of our Junior year those people who won the tribute of being selected for the National Honor Society were: Thelma Hardy, Jean Poole, Caroline Wyeth, Constance Brewer, Eleanor Hathaway, and Warrn Moffett.

Thus the Junior year was completed and we looked forward to our Senior year with great anticipation.

In September of 1945 the doors of B. H. S. were thrown open to greet the forthcoming class of Seniors. The familiar routine of choosing class officers took place once again. The results were: Donald McPherson, President; Robert LaPointe, Vice-president; Connie Bernasconi, Secretary; Mary Galluzzi, Treasurer.

This year two more of our class mates were honored by being elected to the Student Council. They were Russell Todd and Kenneth Judd. The officers of this student governing body were chosen to be: Joseph Cressy, President; Connie Bernasconi, Vice-president; Curtis Foster, Secretary; Robert LaPointe, Treasurer.

History of the Class of '46

(Continued from page 21)

The boys of our class have led Beverly High School through one of its most successful years on the athletic field and gymnasium. In football we won seven games and lost two which proved to be one of the best seasons in many years. Led by three able captains, Bob Robinson, Joe MacDougall, and Francis Roberts, the B. H. S. gridsters brought glory and honor to their school and city. Our other class mates who deserve words of praise for consistently good playing are: Leo Buckley, Harry Minott, James Comiskey Louis "Red" Woods, Oscar Gustafson, and Gordon Estes.

Although the basketball record was not as high as that of football, the boys gave their opponents strong competition. The entire first team was composed of Seniors. Those included were: Jack Healey, Captain; Curtis Foster, Robby Robinson, Leo Buckley, Robert LaPointe, Joe MacDougall, Raymond Kelleher and Harry Minott.

Many changes have taken place since we entered B. H. S. three years ago. Our country is no longer at war. Mr. Starr King, who went into the service of his country, is back filling his old job as superintendent of schools. Mr. Pierce, who took Mr. King's place during the emergency, has renewed his position of principal of this school.

As we the class of 1946 leave Beverly High School this June, we are glad to be able to look back on three very happy years. Yet, we do not leave here with a carefree or irresponsible attitude, but, having a better understanding of the problems which will face us. We are the youth that will decide what course this country will take in the future years. We, the graduating class of 1946, leave Beverly High School with sincere hopes of being able to execute those duties which will be set before us.

In 1927 our school became a member of the National Honor Society and we were known as the Gamma Chapter. At the present time we have four hundred and twenty-nine members, — one hundred fifty-nine boys and two hundred seventy girls.

Through scholarship, service, leadership, and character, membership is gained. One cannot be considered as a candidate unless he has maintained high scholarship throughout his course.

This society is the only one in our school in which membership is for life. One should always uphold its high ideals and try to instill these ideals in others.

The Senior Assembly in June is the time when new members are inducted. It is the most outstanding assembly of the year because of the dignity and impressiveness of the ceremony.

History of the Junior Class

In September, 1945, the Class of '47 looked eagerly forward to their Junior year. We were more sure of ourselves as we walked down the familiar corridors and spoke to the familiar teachers. Clubs were selected and the school activities were soon in full operation. Our class officers were then elected and were as follows: President, Mario Fortunato; Vice President, Paul Desmond; Secretary, Edith Him; Treasurer, Wendell Mason.

We have lost 45 members from our class of last year and we have added 12 members.

Football as usual starred many of our Junior boys. Some gained great recognition in helping the team to a victorious season. They were Louis Mazzaglia, Gordon Zwicker, Paul Desmond, William Hathaway, Frank Estey, Robert Colanto, Steve Femino, Guy Rossi, Ray Doherty, Donald Trefry, Robert Diebner, Paul Stein, Kenny Anderson, and Alistair Gouzie.

The peppy cheering squad had four of our Junior girls: Jean Bartlett, Head Cheerleader; Catherine Kessaris, Alberta Cassola, Connie Fraser, and Lillian Campbell as substitute.

During December, the Junior class presented the play, "The Mayor and the Manicure" for Drama Night. Those included in the cast were Robert Rackliffe, Verle Story, Mary Dwyer, and Harris Ginsberg. Although we did not receive the pennant, the cast gave a superb performance. The pin for the best performer of the cast was awarded to Robert Rackliffe.

The highlight of our social activities was the Winter Social in the form of a ski meet and dance and it was one of the best times ever held in our Gym. Many students worked directly in some way to make it a success and many others helped indirectly.

Basketball proved to be of great interest to both boys and girls and those participating on the boys' team were Robert Rich, William Campbell, Richard Peterson, Robert Diebner, Frank Estey, Graham Nelson, and Albert Churchill. Joann Ward, Marion Robertson, Catherine Kessaris, Barbara Robinson, Polly Lewis, Alberta Cassola, and Isabelle Hill were on the girls' basketball squad.

The Student Council members were Mario Fortunato, James Teague, Robert Rich, Edith Him, Jane Ann Lawrence, and Mary Dwyer.

The Class of '47 are anxiously awaiting their senior year full of many new activities and memories-to-be.

History of the Sophomore Class

The doors of Beverly High School were opened to 310 promising Sophomores on the morning of September 6, 1945. After the usual confusion, we finally arrived at our homerooms, and with the most welcome aid of upper classmen and our homeroom teachers, we learned the skillful art of opening our lockers. After gradually becoming accustomed to our new school, we elected homeroom officers and members of the House of Delegates. Clubs furnished us with a variety of activities, while many Sophomores won citations for their part in the sales of war bonds and stamps.

After being introduced to Mr. Jameson, our class adviser, we elected the following as class officers: President, Andre Machain; Vice-president, George Sunderland; Secretary, Richard Field; Treasurer, Shirley Osborn.

On Drama Night, our class presented a comedy entitled, "The Wedding." Those who took part were Ralph Kulberg, who won the prize for the best acting performance, Tamara Ushakoff, Donald Prisby, Norman Morin, Samuel Appleton, Elizabeth McGee, and Therese Patch.

Many Sophomores represented our class on the football squad, while Thomas Wood, Robert LaMontagne, Stephen Huntington, and Gordon Bell participated in many of the basketball games of the second team.

With the close of our Sophomore year, we are all anticipating with pleasure our next two years at B. H. S.

The House of Delegates is a student legislative body consisting of delegates and alternates elected from each home room. It discusses all worthwhile problems brought up by pupils. If a bill is brought before the House and passes, it is sent on to the Student Council and from there to Mr. Pierce for his approval. After Mr. Pierce accepts the bill, it becomes a school rule. The House of Delegates gives all the pupils in Beverly High a chance to voice their opinions.

An idea germinates in someone's mind
 So down on scrap, and then on white,
 Some masterpiece of literature or art
 Is soon inscribed — its future bright.
 The work is scrutinized by all the board,
 By editor: Miss Wyeth and
 Assistant: Mr. Frank, then Mrs. C. —
 To be accepted or be banned.
 And if it's art, the possibilities
 Of usefulness are testified
 By Mr. Kimball; and the price per cut
 By generous Miss Brown supplied.
 And should the answer come, "Accepted," then
 It is, by able hands, by dint
 Of work from Mr. Palmer and the boys
 That thoughts come clear in cut or print.

Thus, single thoughts consolidate to make
 The working whole; this be our theme:

One of the largest and most important organizations in the school is the Safety Patrol. Each member is assigned to a post in one of the corridors and helps to maintain orderly passing between classes.

However, the activity of this organization is not confined to duty in corridors. The members also have to usher at school plays and direct passing in fire drills.

The Safety Patrol consists of a captain, three lieutenants who have charge of the three corridors of the school, and twenty-six privates. With the advice and leadership of Mr. Root, the Patrol plays an important part in keeping high the standards of Beverly High School.

October 9th, 1945 marked the opening of our Pan-American Relations Club with twenty-one members enrolled. With Miss Hatch, our sponsor, we held our meetings every Tuesday discussing the Latin American countries. This year we began our study with Puerto Rico, taking up the people, their customs, and the country as a whole, their problems, and our responsibility towards them.

At one of our meetings we were honored in having Miss Marion Russell give a talk on Mexico. At another meeting an exhibit of different articles from South America was sent to us by the Pan-American Society of Massachusetts and New England.

The club's chief aim is to bring about a more friendly attitude between the United States and our neighbors south of the border.

Places! Lights! Curtain! These are familiar words to the members of any stage crew. When the actors are on the stage performing, the Stagecraft Club of B. H. S. is behind the scenes working every minute. The members of this interesting club ring the bells, make the lightning, wind, and rain. Long before the evening of the play, they have built panels, doors, windows and fireplaces. They move all scenery during a play. When the actors have gone home, they put things away and sweep the stage.

This group of fourteen boys has met every Tuesday this year under the direction of Mr. Rolfe, with Allan Gaspar as Stage Manager, and John Thatcher as Secretary.

At every kind of performance given in our auditorium the Stagecraft crew is present to look after scenery, properties, and lighting effects.

In previous years the boys have sung for the most part the old favorites which students and parents enjoy. Instead of repeating these well-known pieces, the boys chose to unite with the girls to sing three large choruses from the oratorio "The Holy City" by Gaul. Miss Carabello, their director, also chose humorous, patriotic, and classic pieces to be sung by this group, aided by the girls. The selections presented at the Spring Concert represent many hours of concentrated rehearsals every week through the year.

Each girl is a member of the Mixed Chorus which often sings at assemblies. The group learns patriotic, religious, and humorous selections which appeal to all music lovers. In past years this club has been a separate unit but is this year more closely allied to the boys' club.

The Commercial Club under the sponsorship of Miss John and Miss Griffin has done an excellent job in bridging the gap between war-time activity and a smooth-running school function.

On the recreational side, we have profited immensely from the talks by Pfc. Rita Buffett of the Women's Army Corps, Mary Hume Maguire of the Katherine Gibbs School of Boston, and other interesting speakers. The play, *The Big Moment*, which was presented by members of the club, was a great success. Other memorable occasions have been our field trips to industrial plants and our social activities which included a reception for our returned teacher, Mr. Stather, and seasonal parties under Social Committee.

We have all benefited from the experience the Commercial Club has given us and hope that future Clubs may follow, with our best wishes, along the road that has been paved before them.

The intention of the thirty members has been to gain some understanding of the insistent problems of the present. While doing this, we hoped also to acquire training in gathering and weighing current materials, and to learn how to apply tests of scholarship and credibility.

In one of the most interesting and informative meetings of the year, His Honor, Mayor Daniel E. McLean, spoke to us on "The Problems of City Government."

Hand Weavers Club

Left to right: Domenica Brancato, Madelyn Cunningham, Edna Peabody, Mr. Kimball, Adviser; Constance Fraser, Muriel Scott.

In September, the Hand Weavers Club met for the first time. At this meeting Mr. Kimball explained the loom, its manipulation, and the process of making it.

At the next club meeting the enthusiastic girls started to make their looms. At first they were awkward with their hammers and nails; however, they soon learned how to handle them. In a short time they produced the two-harness looms.

They then started threading the looms and are now in the process of making scarfs, handbags, towels, and other home necessities.

Red Cross Sewing

Our Red Cross Sewing group, now directed by Mrs. Wallace, is made up of ten girls who have volunteered their services to the Red Cross to do any sewing that might be sent to them.

At the present time we are making flannel bed-socks for the wounded soldiers in convalescent hospitals.

Before the end of the year, it is our hope to make afghans to be sent to the stricken people of Europe.

Massachusetts public schools are required by law to hold ten fire drills per year. Because New England's winter weather leaves something to be desired, the drills are held in the early fall and the late spring.

Those who have an important responsibility in these drills are the boys of the Fire Extinguisher squad, made up of twenty-four boys, two of whom are delegated to carry each extinguisher. On the first note of the fire alarm signal, they leave their classes, go at once to the extinguishers, and then go to a teacher in a specified room on each floor to find where the fire is supposed to be. On getting this information, they speed without delay to that point, where they are ready, if necessary, to extinguish the flames.

In our virtually fireproof building, fires seem very unlikely. It is gratifying to know, however, that if one should break out, it is probable that the boys on the squad would have put it out before the city apparatus arrived.

Outdoor Life Club

First row, left to right: James Atwater, David Reid, Warren Andrews, *President*; Mr. Crosby, *Sponsor*; Richard Saunders, *Vice-President*; Horace Smith, *Secretary-Treasurer*; Charles Rogers.

Second row, left to right: Richard Knights, Frank Morrison, David Standley, Morris Toll, Carl Aylward.

Members absent when picture was taken: Frank Tarr, Stoddard Reed, John Fitzgerald, Edward Rogers.

The Outdoor Life Club is a new club at Beverly High School and held its first meeting in December, 1945. The club is made up of a group of boys who are interested in outdoor life and is sponsored by Mr. Crosby. The members have very interesting discussions about hunting, fishing, and camping. On one occasion Mr. Pierce showed some very interesting moving pictures entitled *Tonic of the Wild*. We have had exhibits of trout and salmon flies and fly-tying demonstrations. We have classes in fly casting and bait casting. The club went to the Sportsmen's Show and had a fine time on a fishing trip to Maine during the spring vacation.

President, Warren Andrews; Vice-president, Richard Saunders; Secretary-Treasurer, Horace Smith.

Parliamentary Law Club

First row, left to right: Burton Fliegel, Mario Fortunato, Joyce Leonard, Connie Bernasconi, Donald MacPherson, Robert Sylvester.
Second row, left to right: Alfred Pelley, Kenneth Judd, Mr. Jameson, *Sponsor*; Stoddard Reed, Donald Peterson.

Parliamentary procedure is the common system of laws for transacting business in clubs or group meeting. Success in mastering parliamentary procedure depends upon the ability to comprehend its purpose and its underlying principles. The laboratory method is used in our club work. Each week the group organizes into a club of some type, and carries out a tentative program of business. At the end of the meeting the sponsor criticizes the weak points. Much emphasis is placed upon the virtues of democracy.

An extensive study is made of the fundamental principles of parliamentary procedure, the presentation and disposition of motions, debate, voting, and elections. Such general topics as organization of club by-laws and general rules, officers, committees, and model forms are studied. Considerable time is given to the study of the constitution and its significance.

Anyone may become a member of the club. The training it affords is valuable to one in any walk of life.

Mathematics Club

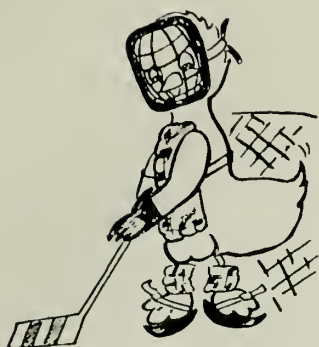

First row, left to right: Lawrence Jones, Joyce Leonard, Secretary; Stoddard Reed, Chairman; Jean Sunderland, Harris Ginsberg.

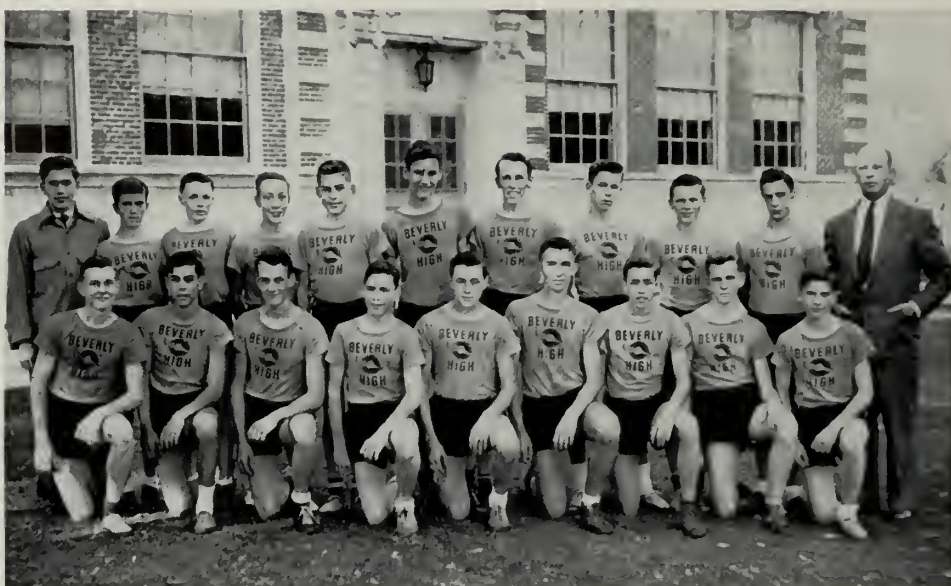

Second row, left to right: Alfred Pelley, Mr. Jameson, Sponsor; Edmund Donlon.

The purpose of the Mathematics Club is to provide an opportunity for individual research and study in some area or areas of the field of mathematics. The Club affords its members an opportunity to explore, in more detail, some of the work that classroom time cannot permit. Each person is expected to pursue some project of his own choosing, after a consultation with the sponsor, on which he can concentrate during the year. Emphasis is placed upon remedial work and field work. In order to develop an appreciation of the scope of mathematics some time is devoted to a history of the subject. Special topics such as logarithms and the slide rule are studied. Some time is devoted to experimental work, for example establishing the value of π by measurement, and verifying the Pythagorean Theorem.

The B. H. S. Harriers have hung up a splendid record for their 1945 campaign. They won all of their meets including the State Meet. The Beverly squad, in making their perfect record, twice defeated a very strong Melrose team who had to their credit fifty-seven consecutive wins before the great little harriers outclassed them. Those interested in high school sports should be justly proud of this 1945 Cross Country Team in performing this unusual feat. Members of this squad are: Capt. George Macdonald, Warren Andrews, Charles Reynolds, John Gobeille, Frank Tarr, Richard Saunders, Wendell Mason, William Moffett, Clark McElroy, Robert Gillis, Robert Macdonald, Richard Kellom, Robert Gove, Lawrence Cann, Melvin Dawe, William White, Robert Burke, Frank Sholds.

Cheerleaders

*Left to right: Jean Bartlett, Alberta Cassola, Catherine Kessaris, Ramona Huard, Sylvia Chouinard, Constance Fraser, Patricia McGowan.
Absent when picture was taken: Leontine Marks.*

This year the football team was supported wholeheartedly by one of the best cheerleading squads on the North Shore. This group was found to use many entirely different cheers and actions from the cheerleaders of any other school. Although the girls were soaked in many a downpour, the season was very enjoyable. They were quite pleased with the response from the stands at all games.

New this year was the addition of two mascots, Joyce Stansfield and Diane Symmes. These petite cheerleaders proved to be popular with both the spectators and the cheerleaders.

Football

The 1945 football squad had a very successful season winning seven and losing two. They limited their opponents to a mere 39 points while piling up 133 for the best gridiron season the Garden City has had since 1931. Much credit is due to the fine coaching ability of Coach Charlie Walsh and his assistants Dave Couhig and Charles Pelonzi.

Robinson's kicking, passing and signal calling were among the best in the state and won for him a place on the Boston Record's All-Scholastic Team. MacDougall was a stand-out all season on both offense and defense, and led all ends on the North Shore in scoring 26 points. Mazzaglia was the sparkplug of the running attack scoring 37 points to place him among the leaders in that department. Paving the way for Beverly's scores, of course, was that stalwart line which, ably backed up by Buckley and Minott, never allowed more than one touchdown to be scored through it. MacDougall, Mazzaglia, and Colanto were chosen on the North Shore All-Stars.

Beverly 7 Lynn Classical 6 (Jamboree)

Coach Charlie Walsh's aggressive and fighting Beverly eleven barely squeezed by Bill Joyce's Classical aggregation with a 7 to 6 score. The Beverly score was made by Lou Mazzaglia. The point after was made on a pass from Robinson to Desmond. Classical's score came on a pass from Miosky to Jordan.

Beverly 20 Danvers 0

In one of the best Beverly-Danvers games in recent years, the Beverly gridsters soundly trounced a greatly improved Danvers eleven 20 to 0. Mazzaglia, Robinson, and MacDougall scored the touchdowns, with Woods and Buckley making the points after.

Beverly 7 Saugus 6

Although outplayed by the Saugus Sachems, Beverly took advantage of their few breaks and drove on to a 7 to 6 victory. The locals hit paydirt when Robinson heaved a beautiful pass to Minott in the end zone. The point after was made on another pass from Robinson to MacDougall. Saugus came right back to tally when Sheehan heaved a ten yard pass to Sampson who ran 50 yards for a touchdown. Blundell missed the attempted conversion.

Beverly 27 Lynn English 6

In the first half Joe MacDougall grabbed a Robinson pass for Beverly's first touchdown. The extra point came on a pass from Robinson to Minott. Powers scored the only touchdown of the game for English. In the second half Beverly swamped English with 20 more points, Mazzaglia scoring 13 of them with Minott scoring the other T. D. and Diebner the conversion.

Beverly 0 Peabody 6

Coach Walsh's hard fighting and gallant Beverly football team suffered their first setback of the season as they were nosed out by the defending class A champions 6 to 0. After the two teams battling evenly for three full periods, the Peabody Tanners' Smyrnios crashed over from the one yard line to score the only touchdown of the game.

Beverly 12 Amesbury 7

After trailing 7 to 6 at halftime, Coach Walsh's Beverly eleven came back strong to score a touchdown to win 12 to 7 over a big, classy Amesbury team. Beverly's first score came on an end-around with Diebner outrunning the whole Amesbury team 70 yards to score. Amesbury flew right back to score with Chrisham bucking over from the two. The point after was good on a pass from Gosselin to Wisniewski. Little "Sabu" Mazzaglia scored Beverly's other touchdown in the second half to give Beverly its win.

Beverly 21 Gloucester 0

Aided by the brilliant passing and kicking of Co-Capt. Bob Robinson, Coach Charlie Walsh's classy Beverly eleven ran wild over a hard fighting Gloucester eleven. Minott, MacDougall, and Mazzaglia scored the local's touchdowns with Buckley and Diebner scoring the points after, on passes from Robinson.

Beverly 26 Winthrop 6

Track

The track team so far has just been out warming up, and Coach "Doc" Rudkin is trying his hardest to get the boys separated into groups for the different events for which he thinks them best fitted. He has a fairly large squad, quite a few boys being back from last year's squad.

"Doc" has quite a bit of good material for the mile in "Jake" Andrews, "Chuck" Reynolds, Russell Todd, Captain George Macdonald, Joe Cressy, Tarr, and Benjamin.

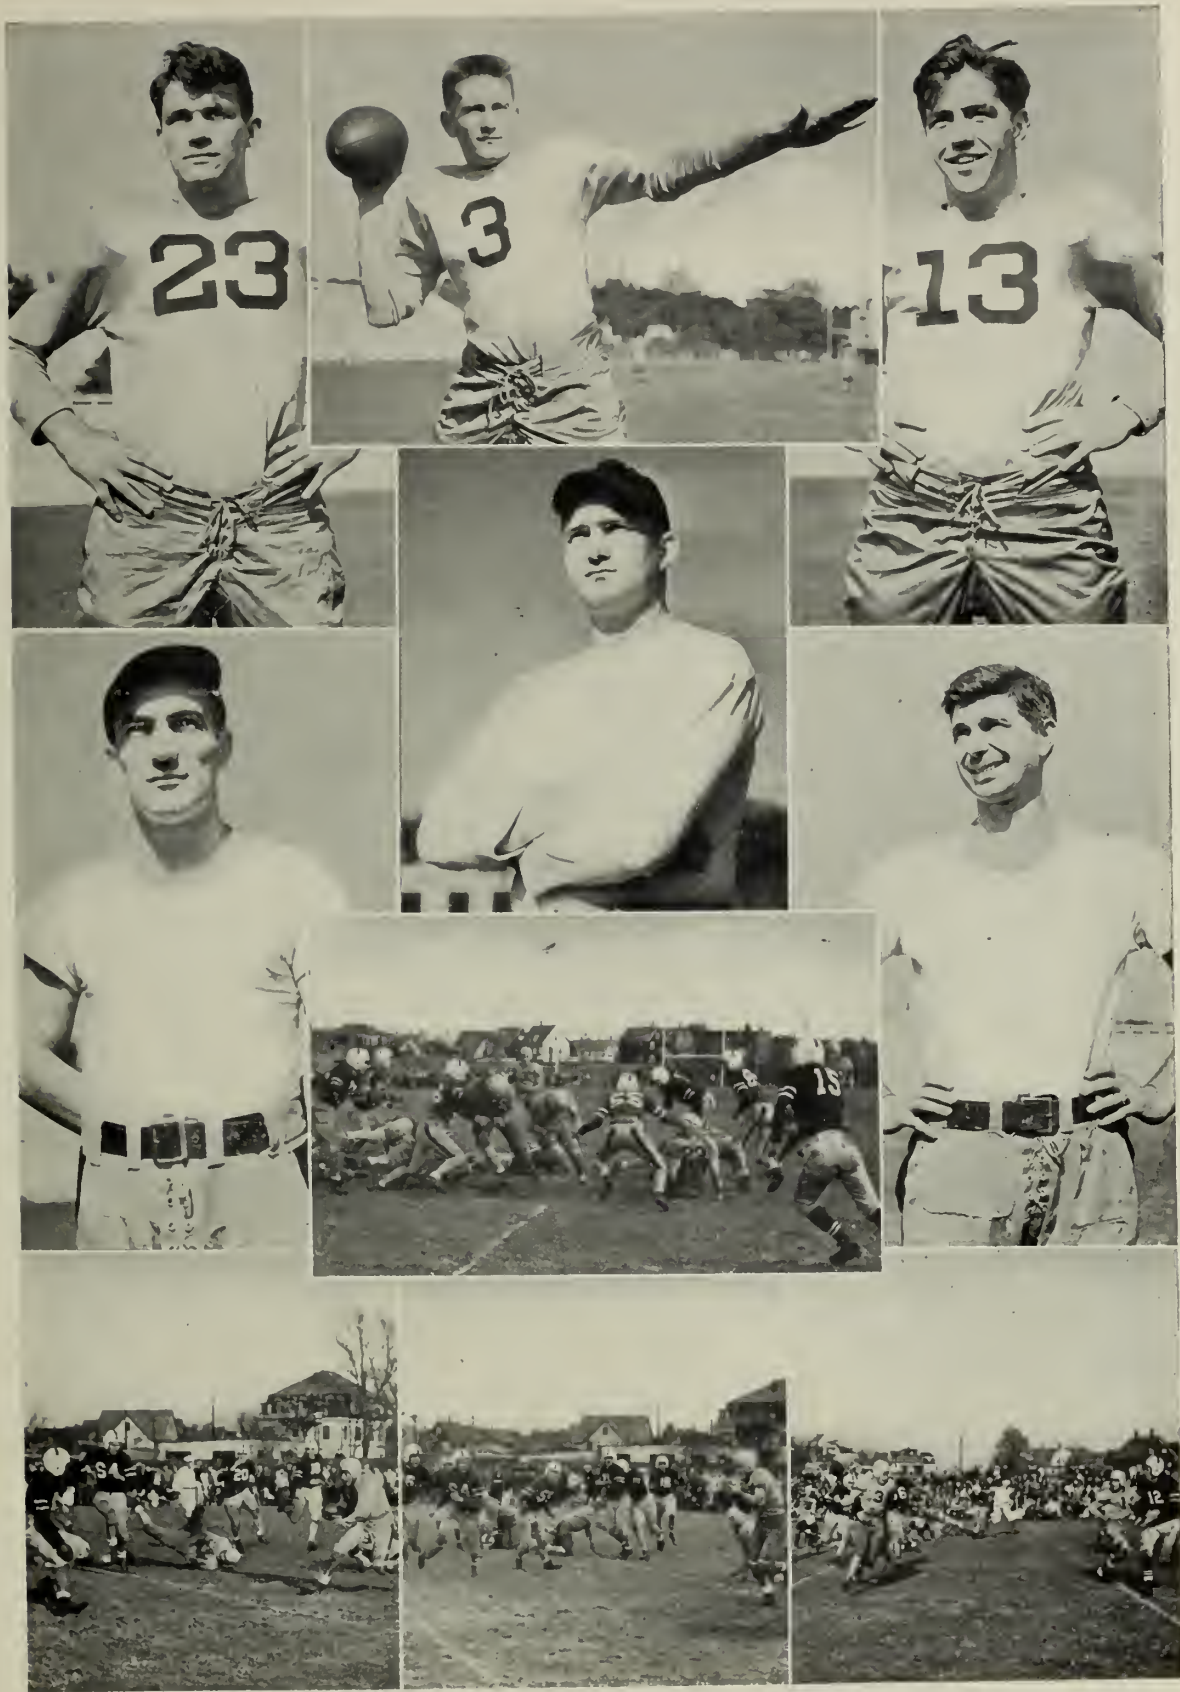

Also prospects are pretty good for the 100 yard dash. The three best are probably Russell Todd, "Chuck" Reynolds, and "Brother" Roberts, and the rest are Alderman, Hogan, Mason, Tarr, Cressy, Alyward, Woods, Bob Webber.

"Robbie" Robinson leads the list of high jumpers, and in addition Beverly has Richard Gallagher, "Kenny" Judd, "Brother" Roberts, Robert Frost, and Sunderland.

"Brother" Roberts leads the list of shotput candidates with Jim Comiskey, Leo Buckley, Guy Rossi, Joe Vittore, St. Pierre, and Cooper following him.

Dick Gallagher heads the broad jumpers who include Raymond Carey, Benjamin, Judd, Reynolds, and Alyward.

With all this material and a little luck it seems that "Doc" Rudkin and his boys are in for a pretty good year.

Epilogue

The life pictured here has been as a maze
With studies and pleasures manifold.
And we enter now an entirely new phase
Of life. Whatever it may hold,
We shall all look back fondly on these days
And treasure them as the future unfolds.

Mary Scanlan.
